

Abe Levitt Park

MUNICIPALITY: Town of Oyster Bay

LOCATION: Stewart Avenue, Hicksville, New York

Project Description:

This project was awarded to our company in October 2009 and completed in April 2010. We worked with an aggressive schedule and extremely harsh winter weather conditions. The project included re-alignment and construction of two synthetic-turf little league fields and one synthetic-turf regulation in-field with a sod outfield.

Project Elements:

- Two regulation little league synthetic-turf fields
- One regulation high school baseball field with synthetic-turf in-field and sod outfield
- Portable pitching mounds
- Perimeter field fencing and bullpens
- Heavy-duty synthetic turf batting and pitching cages
- Scoreboards and electric service
- Asphalt core area with covered dugouts
- Precast concrete restroom, concession and storage building
- Handball court and basketball court
- Playground system with safety surface
- Parking lot, curbs, sidewalks and self-contained storm-water collection system
- Landscaping and irrigation
